

Many a child has been fooled by the story of the pot of gold which is to be found just at the foot of the rainbow, and has started out to gather riches full of happy dreams.

Many a man and woman have been deceived by the tale that there was health to be found out beyond the sunset, and they have started out dreaming of a healthful future, never to be realized.

People who have tried change of climate in vain for the cure of weak lungs have been perfectly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery.

Dr. Pierce's Golden Medical Discovery is a powerful medicine for the cure of all lung diseases, including consumption, tuberculosis, bronchitis, and other conditions.

ROAD TO FARM IMPROVEMENT

FARMER WAS NO FOOL.

He Preached a New Kind of Reciprocity to the Reporter Who Came to Interview Him.

A Washington correspondent of one of the great dailies, feeling "all run down" as a result of vain attempts to manufacture news about Prof. Langley's "buzzard" recently concluded to go back into the rural districts of Maryland to recuperate. After a few days of rest, his journalistic instinct reasserted itself, and he decided it would be an amusing experience to go out and interview some of the farmers. Scouring a map he started up the road to a farm near the town of...

TALKING THINGS OVER

or pleasantly, and after a few remarks about the weather and the crops, explained his errand.

"Want to interview me, eh?" said the farmer. "I never had any experience given interviews, but if your heart is set on it, go ahead. What do you want me to talk about?"

"Well," said the reporter, scratching his nose, reflectively, "suppose you give me your views on reciprocity?"

"Couldn't have suited me better for a subject, mister. The fact is I've been thinkin' a good deal about reciprocity lately. I believe in it. I don't mean reciprocity with Cuba nor Canada, although that may be all very well in its place. What I want to see is reciprocity right here in the United States. I think reciprocity like charity should begin at home. I want the fellows who have been enjoying the blessings of protection for a good many years to reciprocate a little with the farmers."

"What do you propose?" asked the wielder of the pencil, who began to see that he was getting more than he expected.

"Well," said the farmer, "I want some plan adopted by which a part of the tariff collected will get back to the rural districts. I understand there's a fellow down there in congress who has introduced a bill that will do the business. I mean that bill providin' for the government to aid in improvin' the roads in the rural districts. That would be a great blessing not only to the farmers, but to everybody. Talk about developin' resources! I'd like to know what would do more to develop this country than buildin' good roads. If this plan was adopted a few millions of the taxes the farmers pay would come back to them, and there couldn't be no charges of special privilege, either, for the money would be spent for public improvement and would benefit all sections and all classes. Now I want to see the city people who have been protected so long turn in and help the farmers get that law passed. That's the kind of reciprocity I believe in."

How much more the farmer might have said the reporter will never know, for the interview was just then interrupted by a blast from the dinner horn.

Use of Cane for Silage.
The value of ribbon-cane and sorghum for silage is an interesting question with which too few experiments have been tried. Sorghum in the silo makes a very sour silage of fair feeding value. Ribbon-cane, being sweeter than sorghum, would undoubtedly make a sourer silage, as most of the sugars are changed into acids of various kinds. The bagasse, or stalks of cane, after going through the crusher still contain considerable juice, and could probably be used for silage with advantage. So far Indian corn is the only first-class silage plant that has been discovered. This is because it contains more starch and soft woody fiber than most other plants, especially if the ears are put into the silo along with the stalks.—Prairie Farmer.

When Horses Are Footsore.
When the feet of horses become sore from traveling on rough, dry roads, the quickest way to relieve and cure them is to place a layer of soft leather or felt between the sole of the foot and the shoe. Soft, strong calfskin is preferable. Place it flat upon the floor, then put the shoe upon it upside down and cut with a sharp knife a piece as large as the shoe. Put this between the shoe and the hoof before nailing on shoe. It will protect the frog and sole of foot until soreness is gone.—Lewis O. Follo, in Orange Judd Farmer.

If the cow kicks there is usually a cause. Don't be rough, don't pinch, cut your finger nails short.

The Eminent Kidney and Bladder Specialist.

The Discoverer of Swamp-Root at Work in His Laboratory.

There is a disease prevailing in this country more dangerous because so deceptive. Many sudden deaths are caused by heart disease, pneumonia, heart failure or stroke, and often the result of kidney disease. If kidney trouble is allowed to advance, the blood-poisoned blood will attack the brain, or the kidneys themselves, and the patient will die. Swamp-Root is the only medicine that will cure kidney disease. It is a natural product of the blood—its action is to purify the blood and remove all poisons. It is a powerful medicine for the cure of all kidney diseases, including consumption, tuberculosis, bronchitis, and other conditions.

VIN-TE-NA

THE TONIC YOU NEED SO MUCH ABOUT

VIN-TE-NA The Great Nerve Tonic Body Builder, Blood Purifier. A Specific for All Nervous Conditions requiring a Tonic-Strengthening Medicine. It makes Pure Blood, gives Strength and Vigor to both the Nervous and Muscular Systems. If not benefited money refunded, all druggists.

ZION'S ASSETS OVER \$18,800,000
"Propnet" Dowie Makes Proposal to End Financial Tangle.
Chicago, Dec. 8.—In a statement which places his assets at more than four times as much as his liabilities, John Alexander Dowie, at a meeting attended by a majority of his creditors, submitted a proposal by which it is believed that the financial tangle at Zion City will be straightened out in a satisfactory manner.

In Dowie's communication his assets are declared to be \$18,844,210, and his liabilities only \$4,658,349. Of the liabilities \$452,297 is merchandise indebtedness. Notes bearing 5 per cent. interest were offered by Dowie in settlement and he agreed to take up 10 per cent. of his indebtedness in three months, 25 per cent. in six months, 25 per cent. in nine months, and the remaining 40 per cent. in one year. The creditors who were represented at the meeting thought the proposal reasonable, and a committee was appointed to seek further details.

Dowie's statement of his resources included land, buildings, stock in the Zion City lace industry, bills receivable and other items not named. Of his total indebtedness that due for bank deposits and shares of stock in the various Zion City industries was placed at \$8,199,678, maturing in 1919 and 1923. Bills payable on account of land were placed at \$215,403, due in 1905 and 1908. The judgment due Samuel Stevenson is \$100,000, for which secured notes have been given. This leaves only \$452,297 due to outside creditors on merchandise accounts. It is to the holders of these outside claims that Dowie made the offer of settlement.

Some Foolish People.

Allow a cough to run until it gets beyond the reach of medicine. They often say, "Oh, it will wear away," but in most cases it will wear them away. Could they be induced to try the successful medicine called Kemp's Balsam, which is sold on a positive guarantee to cure, they would immediately see the excellent effect after taking the first dose. Price 25c. and 50c. Trial size free. At all druggists.

Take VIN-TE-NA and the good effect will be immediate. You will get strong, you will feel bright, fresh and active, you will feel new, with blood coursing through your veins. VIN-TE-NA will act like magic, will give new life in you. If not benefited money refunded. All druggists.

LION TAMER TORN TO PIECES

Children of Performer Saw Their Mother's Horrible Death.
Desang, Germany, Dec. 8.—Frau Fischer, a lion tamer, was torn to pieces by four lions in a menagerie cage and in sight of a great crowd of people. She was trying to make a lion spring through a hoop and struck it with a whip, whereupon the animal leaped upon her and disemboweled her at one stroke. The woman lay one third of the floor and her body joined to the lion's. The lion was among the crowd of spectators and among the lions. The lion tamer's husband, and one of the lions, were also among the crowd. The lion tamer's husband was a lion tamer and one of the lions. The lion tamer's husband was a lion tamer and one of the lions. The lion tamer's husband was a lion tamer and one of the lions.

50 different games—all new—one in each package of Lion Coffee at your Grocer's.

THE AMERICAN MONTHLY REVIEW OF REVIEWS

THE NECESSARY MAGAZINE IN THE PRESIDENTIAL YEAR

The Review of Reviews is often called a necessity, in recognition of its usefulness in keeping readers "up with the times."

In Presidential election years the REVIEW OF REVIEWS is more than ever "the necessary magazine." Everybody wants to be truly and quickly informed about this or that public question that has forged to the front; to know about the new candidates and personal factors in politics, to have a complete picture at hand of the current movement of history.

In Dr. Shaw's editorials, in its authentic and timely contributed articles, in its brilliant character sketches, in its condensations and reviews of all the important articles of other magazines and in its hundred a month of valuable portraits, witty cartoons and interesting views, the REVIEW OF REVIEWS gives the much desired news of the world's and our own progress. "The World under a Field-glass" is the way one subscriber describes it.

Man in public life, like President Theodore Roosevelt, the members of Congress, and the great captains of industry, who must keep "up with the times," intelligent men and women all over America, have decided it is indispensable.
